THE ECHO STAFF OFFERS THIS FORMULA FOR SUCCESS

TAKE TIME TO WORK -
it is the price of success.
TAKE TIME TO THINK -
it is the source of power.
TAKE TIME TO PLAY -
it is the secret of perpetual youth.
TAKE TIME TO READ -
it is the foundation of wisdom.
TAKE TIME TO BE FRIENDLY -
it is the road to happiness.
TAKE TIME TO DREAM -
it is hitching your wagon to a star.
TAKE TIME TO LAUGH -
it is the music of the soul.
TAKE TIME TO PRAY -
it is the greatest power on earth.
TAKE TIME TO GIVE -
it is too short a day to be selfish.

RUTH HOFFMAN, SENIOR SPONSOR

Ruth Hoffman

To Mrs. Hoffman, senior sponsor, goes much of the credit for the success of the class of 1956. It is difficult to summarize in one short paragraph all the things she has accomplished: she was the driving force behind all projects and undertakings; she had an endless supply of fund-raising ideas; she was unfailingly friendly, patient, and sympathetic; and she provided capable and steadfast leadership. The memory of this outstanding teacher will linger with the seniors forever.

This is to
a real smart girl
and a nice friend,
Hope you have everything
in this school that I've had.
Don Kyle

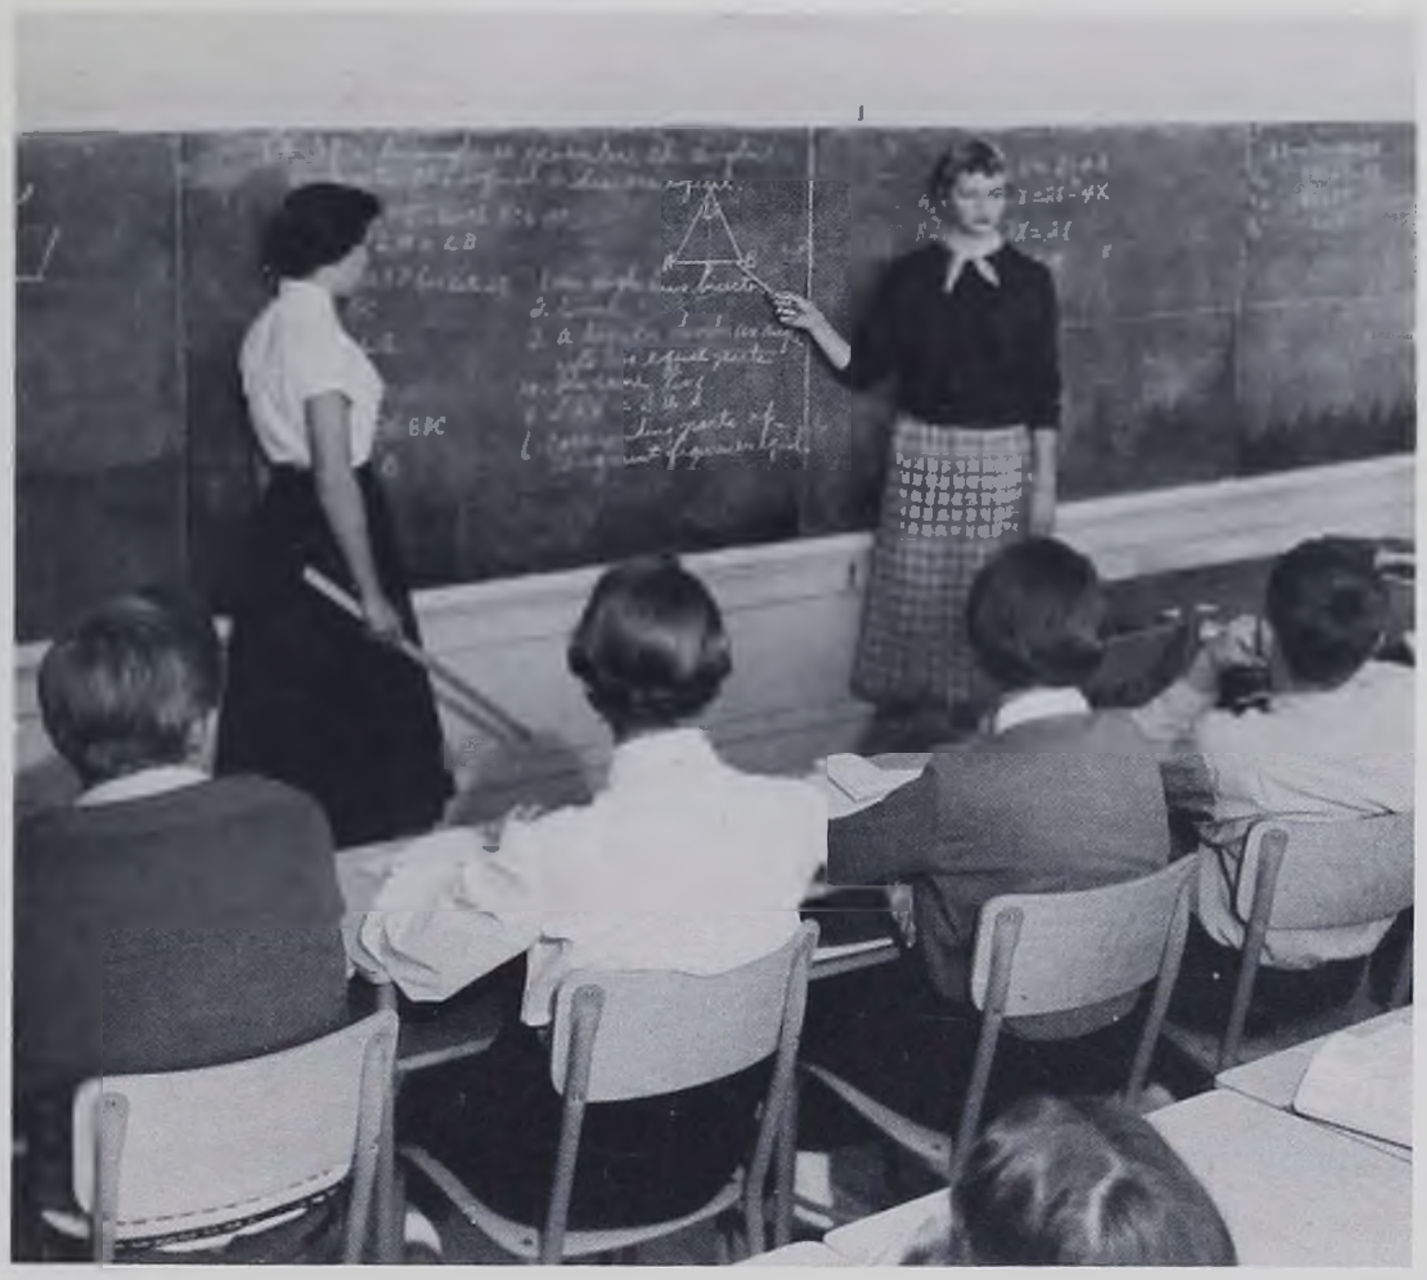
MASTER MINDS AT WORK



Ever since the time of Euclid, students in high school and college have been studying the intracacies of geometry. Not only is there a practical application in this day of "Do-it-yourself" projects, but there is invaluable training in clear and logical thinking. In the picture at the left, Kristin Barnes is explaining the proof of a theorem while Nancy Arndt and the class look on.

Biology is a required freshman course, and an extremely valuable one. Under Mr. Vereb's instruction, the students become aware of living things, understand the basic principles of life, improve their general health, and become acquainted with biological occupations. The classroom is a veritable treasure house of exotic plants and assorted visitors from the animal kingdom.

VARIED OPPORTUNITIES

Effective speaking is the goal of Mrs. Ainsley's speech class. As aids in acquiring that skill, students use recordings of trained speakers and tape recordings of their own speeches. The course of study covers the fields of oratory, debate, drama, panel discussion, and parliamentary law. In the picture above, Pat Fugate is listening to Sharon Pfeiffer as she makes a tape recording while Wayne Hinkel handles the controls.

Never before in the history of our nation, has it been so important for young Americans to be conscious of the world in which they live. In Mr. Eberly's world geography course, he strives to create in his students an awareness of global geography and its significance in world affairs. In the picture at the right, Barney Swinford, Betty Solyom, and Monica Sabo are examining the globe - perhaps even looking for their own small town of Dyer.

OFFERED AT DYER

Two of the most popular and productive courses offered at Dyer are art and mechanical drawing. Mrs. Dougherty's classes are filled to capacity, and her students work on an amazing variety of projects. They are called on to produce posters, Indian headdresses, or Christmas decorations at the drop of a hat, and in the meantime, they accomplish a great deal of serious work. They are learning to work with chalk, pen and ink, and water colors, as well as with copper, plaster, and ceramics.

Learning declensions and irregular verbs is just a small part of Miss Pierce's Spanish course. The students also study the habits and customs of the Spanish people, and reproduce, in the classroom, some of the characteristic fetes. Here Jane Blythe is modeling an authentic Spanish costume while Virginia Ruiz and the other class members look on admiringly.

"The proof is in the pudding", remarks Mrs. Ward as she cautions Dolly Bryant, Mary Templeton, Monica Sabo, and Wilma Horner to stir constantly when making a blanc mange pudding. Nineteen girls are studying Advanced Foods, with special emphasis on planning, preparing, and serving formal and informal dinners. Another important project is the selection, care, and arrangement of kitchen equipment.

STUDENTS PREPARE FOR HOME AND OFFICE

With the aid of modern office machinery, life is much simpler for the business secretary. In Miss Husted's class in Business Calculation, students learn to operate various types of adding machines, comptometers, calculators, and electric typewriters. In the picture at the left, Anna Ochs is taking a typewriting time test while Jane Halfman holds the stop watch.

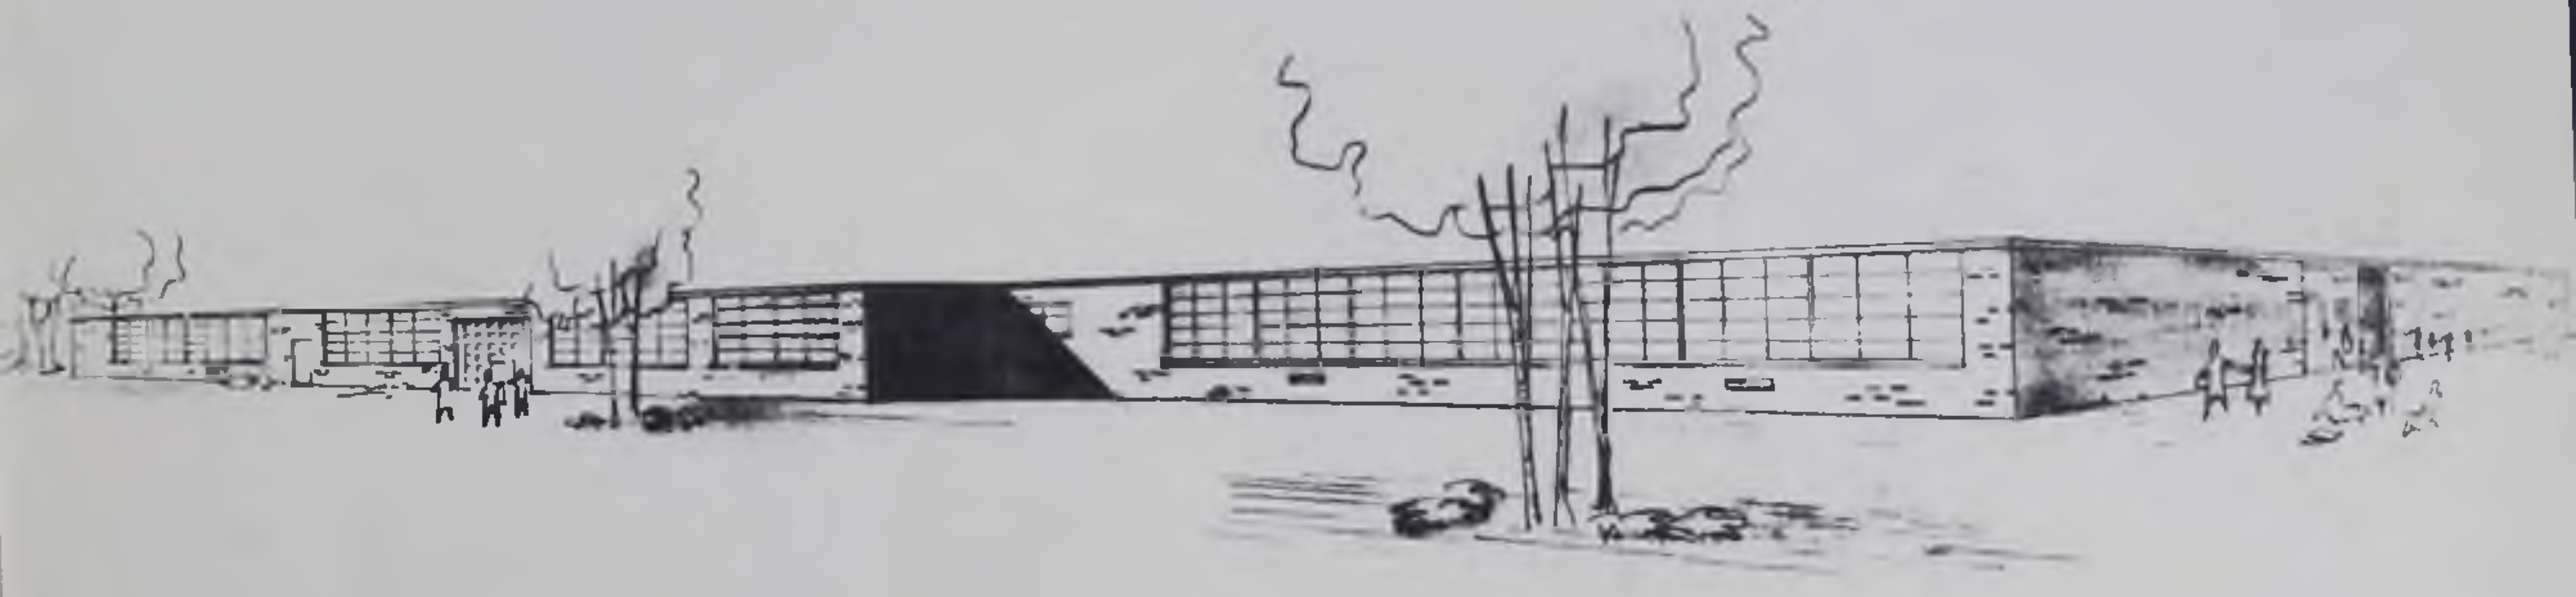
DREAMS DO COME TRUE

FIRST WING OF NEW HIGH SCHOOL BUILDING TO BE READY FOR OCCUPANCY BY FALL OF '56



The long cherished dream of a new building for high school use is about to become a reality. In the fall of 1955, ground was broken for the long awaited building, and the picture above shows how much progress had been made when the Echo went to press in March. This will be the first wing of a new high school, and when finished, it will look like the drawing on the preceeding page. When the 1956 fall term opens, this section will be ready for occupancy and will be furnished with the most modern equipment available.

There will be accommodations for: music, shop, art, drafting, physics and chemistry, home economics, study hall, library, and two academic class rooms. Needless to say, excitement is running high among the students who will have such a splendid opportunity to develop latent talent and acquire new skills. They feel deeply grateful to St. John Township and its trustee, Don Moriarty.

TAKE TIME FOR VACATION

SENIOR SUMMER DAYS

It's easy to imagine
The fun and all the tricks
That happened through the summer
To the class of "56."

* * * * * * *

All the girls are working--
They're thinner than a rail,
And saving their whole bank roll
For that final summer sale.

They like to spend their leisure
A sprawling by the lake,
Just lying there for ages
Until they finally bake.

They're hot and tired and thirsty;
They start home while they can.
They disregard their sunburn
'Cause they've finally got that tan.

Now they're as dark as evening,
And man, do they look cool!
With lots of brand new sweaters
Just waiting to start to school.

The boys are just as prideful.
And sometimes even worse.
They're working hard as beavers
To fill up that old purse.

They work in shop and station-
They work where e'er they can.
They save their hard earned money
For the girl with the golden tan.

They think of fall term classes,
Of studies and of books.
They think of football practice,
And the girls' admiring looks.

* * * * * * *

Then suddenly school opens,
And no one can deny,
The class of nineteen fifty-six
Will take the world in high.

Mary Beth Sabo

AT WORK AND AT REST

Alice Wessel decides to take the summer seriously. Will she get that job? "Chocolate soda? Yes, Sir!"

Barbara Birchall and Kathryn Palmer enjoy their work at Our Lady of Mercy Sanitarium. They are shown scanning the tray orders in the hospital's kitchen.

Ronnie Dressel certainly has earned that rest. In fact, taking things easy is his summer occupation. Ronnie, don't you think Janet and Jeanette deserve a turn, too?

ECHO STAFF PLAYS

Elaine Friedricksen, Mary Sabo, Adeline Baker, and Jane Halfman relax as they make plans for the Echo.

Judy Hanson looks with amusement at the old-fashioned bathing suit worn by Mary Sabo in the facing picture.

Mrs. Ainsley evidently does not realize her plight as Mary Beth Sabo makes ready to ease her into Plum Creek--"Vengeance is mine!" is Mary Beth's watchword.

If there is anything that Ronnie Dressel likes better than loafing, it is sitting with a pretty girl like Doris Gettig.

WHILE PLANNING YEARBOOK

Al Bowles and Bob Foster seem to be contemplating pushing Joe Govert into the murky water of Plum Creek.

Modest Mary Beth Sabo thinks old-fashioned suits are the best.

"Where, oh where, is a brave knight to rescue us from our plight?" ask Connie Houston and Neill Keller.

The boy is the same, Ron Dressel, but this time it's a different girl--Jane Halfman.

DOG DAYS DON'T AFFECT

Denise Gard, Elaine Friedricksen, and Don Peeples watch intently as Al Bowles tees off.

Connie Houston enjoys strolling on a summer day with a good-looking dog.

Neill Keller is prepared for an enjoyable afternoon of cycling.

PEPPY GUYS AND GALS

Millie Pozezanac and Barbara Ols get into the swing of things, with a boost from Don Peeples and Ed Hoenig.

Poor Adeline Baker, she'd better wise up like Bob Foster, and hitch a motor to that contraption.

DYER TRAVELERS GO ABROAD

In August, Doris Gettig, accompanied by her parents and her grandmother, Mrs. Edgley, fulfilled her dream of flying to England. The travelers divided their time between London and a seaside resort on the English Channel.

Faculty member Mrs. Ainsley spent three months in Europe, starting in Rome and finishing in London. She is shown here aboard the Nieuw Amsterdam with fellow voyagers Mr. and Mrs. Best and Mr. Ainsley.

SENIOR UPS AND DOWNS

The picture on the right shows Carol Gettler mounted on her pony, Rascal, with whom she placed 2nd in Horsemanship at the Lake County Fair.

The girls in the picture above show dismay as their car balks. The unhappy motorists are: Elaine Friedricksen, Connie Houston, Denise Gard, Neill Keller, Millie Pozezanac, and Jane Halfman.

Merry-Go-Round??
No, Maureen Boller is riding her horse, Foxy.

SENIORS HAVE FUN

Dottie Baird, Elaine Hausenfleck, Lee Ann Miller, Virginia Jastryab, Cathey Delinek, Anita Chapellie, and Sue Strasburg spend a day at Marquette Park. Or is it the Miss America contest?

Don't forget, girls, there's enough beach for everyone. Denise Gard, Barbara Ols, and Elaine Friedricksen enjoy Lake Michigan on a hot day.

What tastes better than cold watermelon on a hot day? Judy Keilman and Joan Redar look happy and contented.

Katherine Markul and Sherry Matthews come back from a vigorous session at the courts. All set for the Olympics, girls?

IN SUMMER SUN

Eddie Hoernig seems to be showing Jack Charters the fundamentals of archery. Or is it that Jack wishes to be a modern Cupid?

Paul Tobias is shown picking apples. His grin is so sly, one wonders what he is planning.

"This is the way we fish in Florida," says Neill Keller. "We don't catch many fish, though!"

Songs have been written about tea for two, but Pat Stephen and Dick Miller think a soda for two is far more romantic.

Dyer High's basketball opponents had better watch out. Jerry Redar and Johnny Cole spent their summers practicing on the basketball courts.

SNACK TIME

Rich Miller seems to be asking Paul Tobias, "What's worse than finding a worm in an apple?"

Barbara Ols and Connie Houston think a root beer always tastes good on a hot summer day. Adeline Baker, who is serving them, agrees.

Little Pammie Peeples gives Jane Halfman a questioning look as if to say, "Do I have to eat it?"

TEAM GIVES COACH ROUGH TIME

Summer football practice brings out the boys in full force. Coach Vanderkolk shows Joe Govert, Stan Salus, and Jack Charters the proper way to grasp the ball.

Receiving instruction from Coach Van are: (standing) Jerry Redar, Jack Keilman, Paul Tobias, and George Monix; (kneeling) Johnny Cole and John Huppenthal.

HARD WORK

Dale Johnson was kept busy all summer working at his father's service station. But, oh, the money!

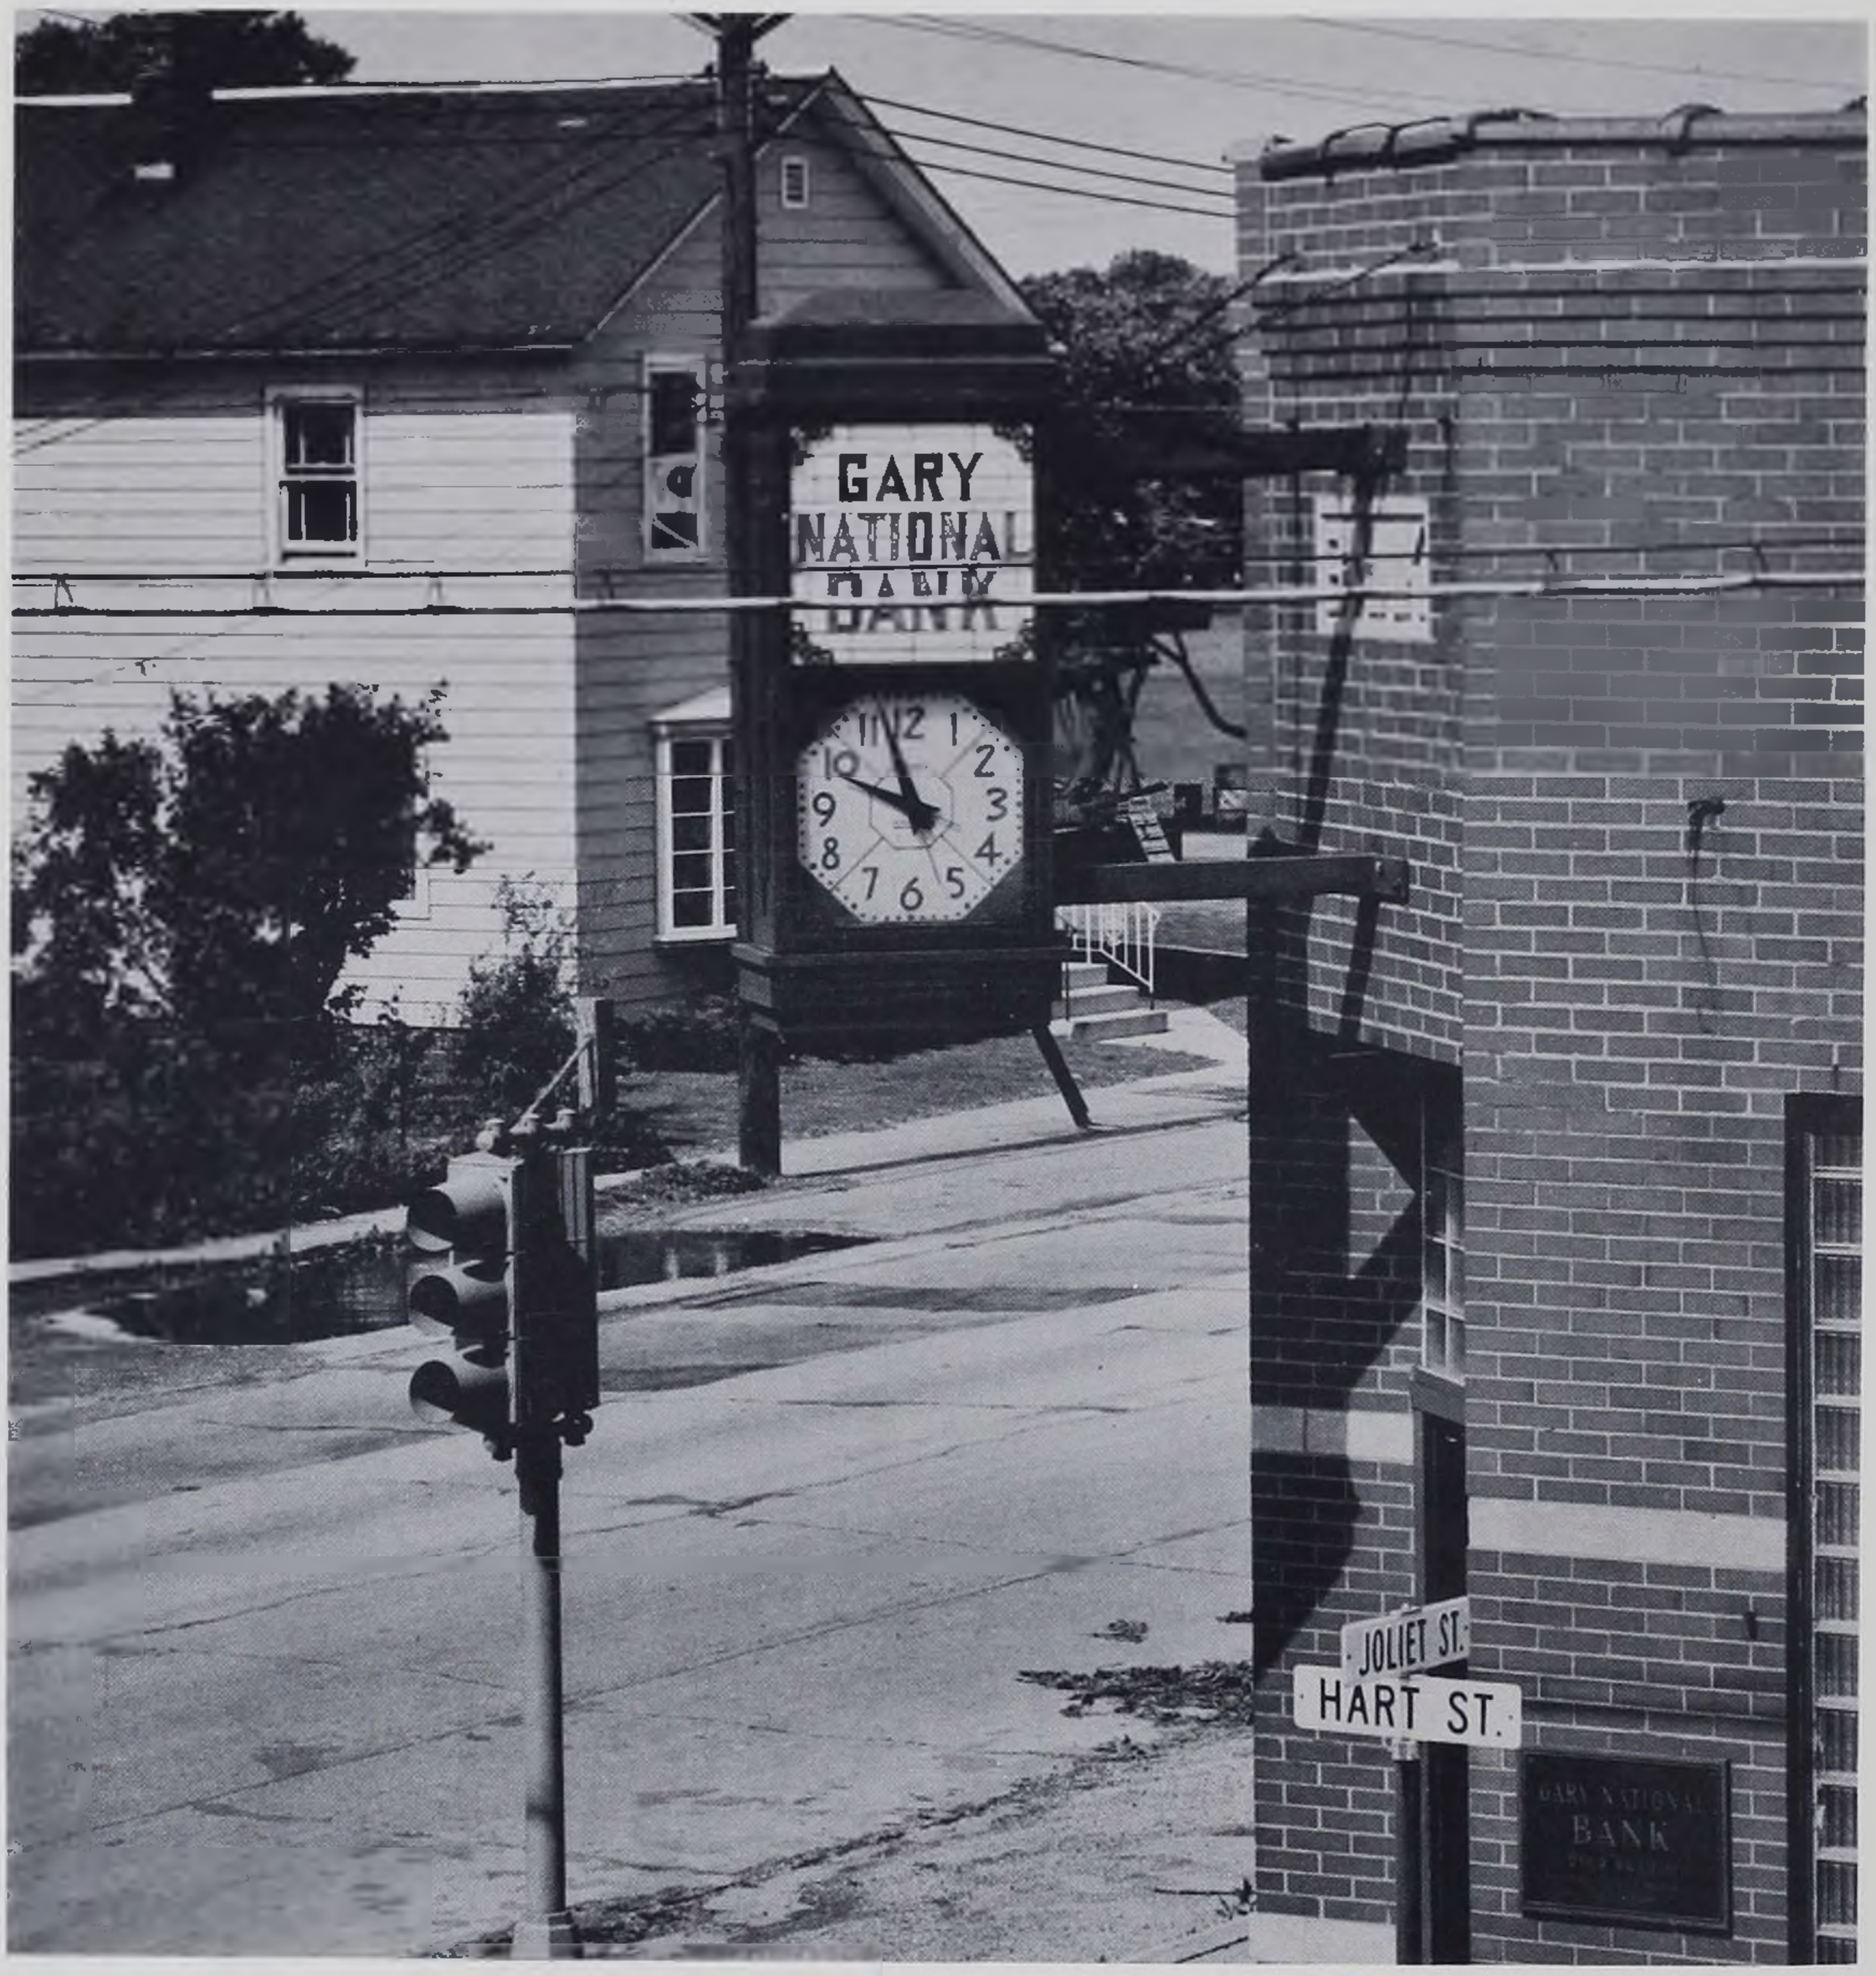
Puzzled Barbara Ols can't remember where the light switch is. She doesn't need lights in this case–she knows exactly how many pictures of Dean Martin and Jerry Lewis are on her wall.

AND HOBBIES

Alfred Oeding seems to enjoy watching Ed Hoemig and George Monix "lift that bale."

It can plainly be seen that Bill Russell is hoping gleeful Lee Ann Miller will miss her shot.

VACATION TIME IS OVER



Vacations and summer fun are over for another year, and the clock shows that it is time to return to school. That long-awaited senior year has finally arrived, and the new seniors face the future with anticipation, resolution, and determination.

The lazy summer days are past, and the days ahead hold the excitement of football and basketball games, the challenge of clubs and organizations, and the magic of the prom and banquet.

TAKE TIME TO ORGANIZE

SUNSHINE SOCIETY INSTILLS HIGH IDEALS

Pictured at the left are the officers of the Sunshine Society in their ceremonial gowns; Jane Halfman, treasurer; Bettie Ross, recording secretary; Denise Gard, president; Donna Claus, vice-president; Susan Full, corresponding secretary. The candles symbolize the ideals of the Sunshine girls.

The society owes much of its success to the able leadership of its sponsors, Miss Beulah Husted, Miss Ruth Pierson, and Mrs. Ruth Hoffman.

Shown at the right are ten of the 150 girls who participated in an impressive initiation service during which they pledged themselves to serve others. During the year they attended a convention in Crown Point, sponsored a formal dance, sent Christmas presents to the patients in a nursing home for the aged, and took baskets of Easter gifts to an orphanage.

Having achieved two majors or one major and two minors in sports, the senior boys receive blue and gold jackets in recognition of their fine contributions to athletics. Looking on are; TOP ROW: Al Bowles, Stan Salus, Gerald Schutz, Jack Keilman, John Cole, George Monix. SECOND ROW: Don Peeples, Paul Tobias, John Huppenthal, Gerald Redar, Bob Foster. Kathryn Palmer and Barbara Birchall are shown operating comptometers which were purchased with profits from the school bookstore.

OFFICERS PLAN CLUB ACTIVITIES

"Future Scientists of America" might be the subject being discussed by the Science Club officers. Pictured among the tools of their trade are Bob Foster, treasurer; Al Bowles, president; Laurie Gettler, secretary; and Ed Hoernig, vice-president.

Wise investments, good management, and sound selling sense added up to a profitable year for the Commercial Club. Pictured below as they plan one of their projects are: Miss Husted, sponsor; Carol Gettler, vice-president; Cathy Delinck, president; Wally Piepho, treasurer; and Connie Houston, secretary.

SAY IT WITH MUSIC

TOP ROW: Susan Birch, Elaine Hausenfleck, Monica Sabo, Susan Plimpton, Joann Sarbon, Joan Spanier, Judy Stark. SECOND ROW: Doris Shelly, Sue Strasburg, Lee Ann Miller, Katherine Markul, Iva Bergner, Shirley Kosinski. THIRD ROW: Mrs. Turnbull, Diane Duncan, Judy Hanson, Virginia Jastrzab, Kay Bly, Pat Fogarty, Sheila Birch. THIRD ROW: Sharon Pfeiffer, Wilma Williams, Della Wilson, Shirley Kosinski, Pat Fogarty, Vivian Hill, Mrs. Turnbull. BOTTOM ROW: Judy Keilman, Doris Shelly, Judy Hanson, Saundra Rich, Darlene Endres.

"SAY IT WITH MUSIC" might well have been the motto of the music department this year. Under the direction of Mrs. Turnbull, many projects were successfully completed: the glee club sang a program of carols at Minas's Department store; the girls' choruses caroled through the high school halls before Christmas; A Christmas concert was presented to the high school during the first semester; and a spring concert was offered to the public at the end of the school year.

THE PLAY'S THE THING

Members of the speech club are, FRONT ROW: Jeanette Peifer, Neill Keller, Adeline Baker, Sharon Pfeiffer and Millie Pozezanac. SECOND ROW: Maureen Boller, Lee Ann Miller, Judy Keilman, Sue Strasburg, and Doris Gettig. BACK ROW: Mrs. Ainsley, Don Peeples, Anita Chappelie, Sherry Matthews, Wayne Hinkel, Gloria Williams, Della Wilson, Pat Fugate, Pat Marcinek, Carol Payne, Al Bowles, and Bob Foster.

The Speech Club officers are pictured adding a decorative touch to their classroom as Hallowe'en approaches. LEFT TO RIGHT: Don Peeples, vice-president; Doris Gettig, secretary; Jeanette Peifer, treasurer; and Maureen Boller, president.

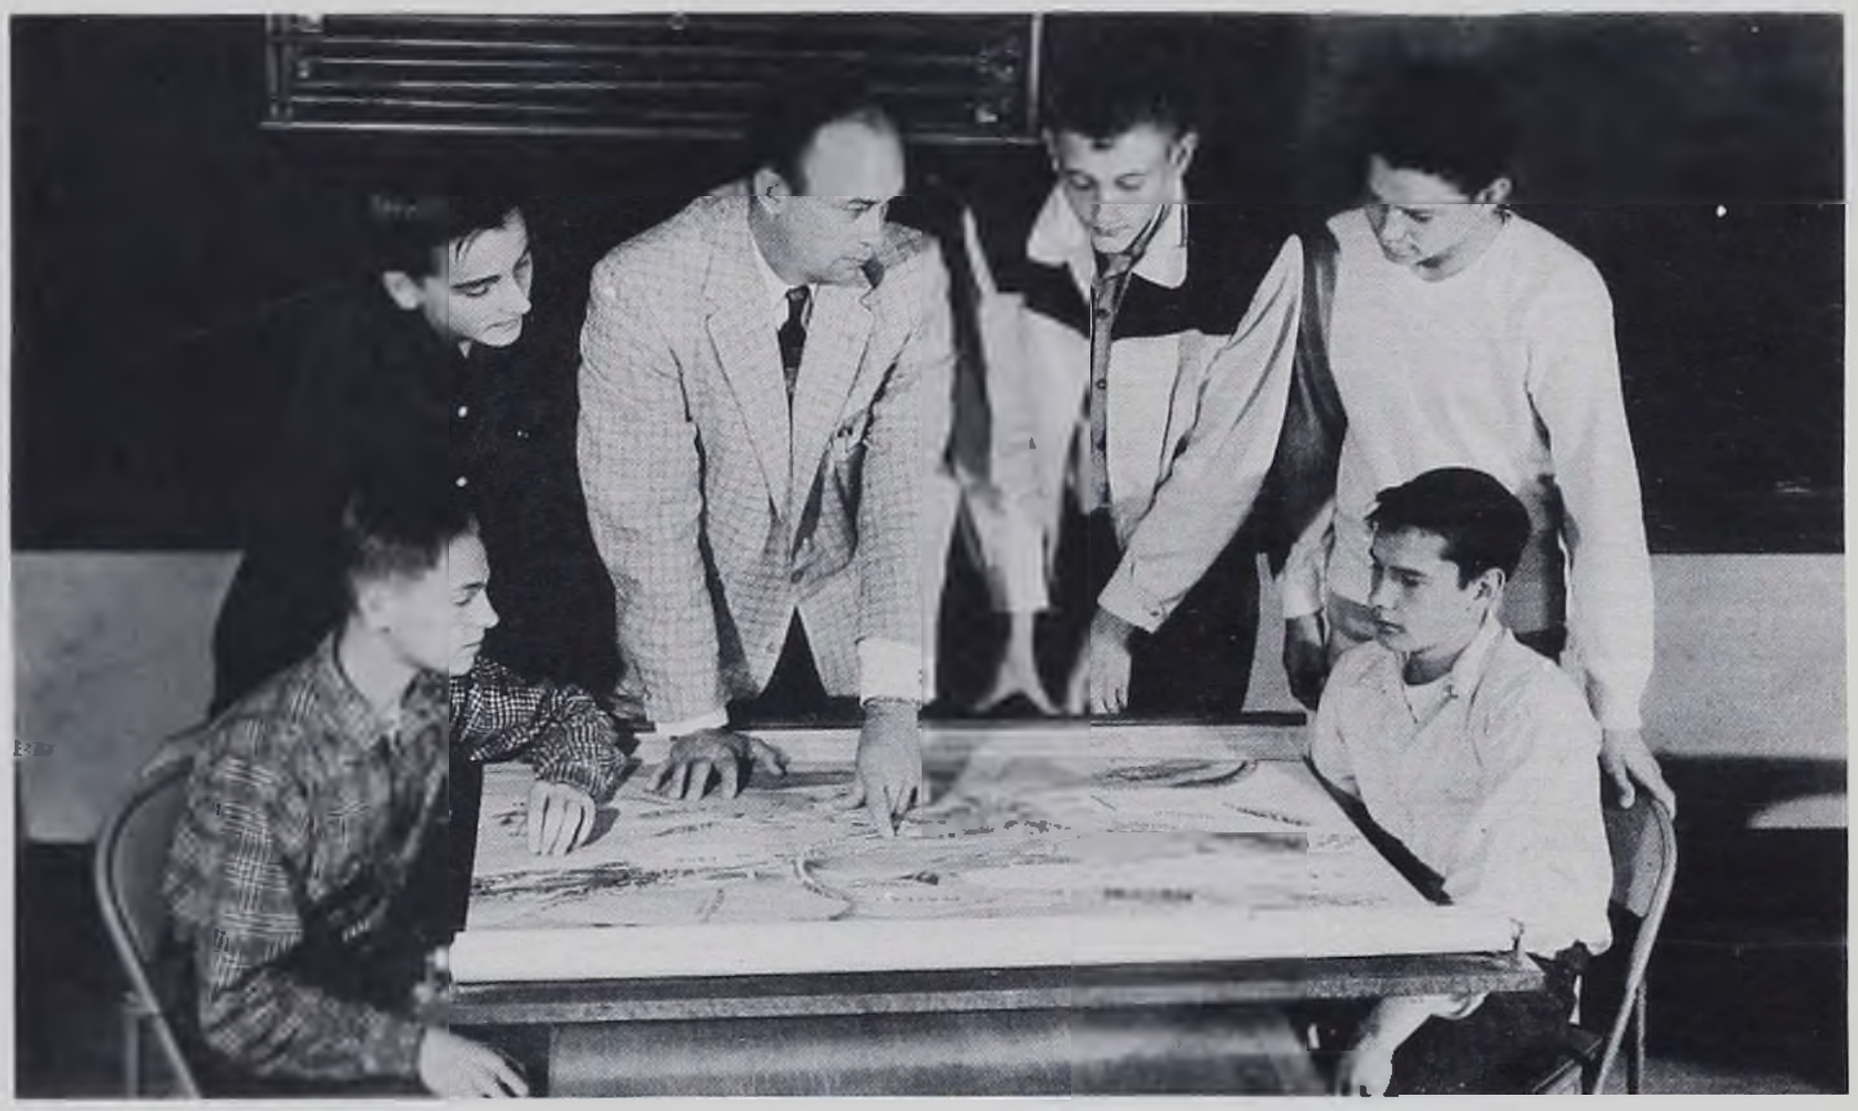
Classwork in a speech course has many phases. Judy Keilman and Anita Chappelie are shown studying a diagram of the speech organs in an attempt to master the four steps in the production of speech.

CONCENTRATING ON MUSIC,

Freshman and sophomore girls in the physical education department have a varied program. In addition to playing basketball and baseball, they acquire poise, grace, and muscular coordination through calisthenics, rhythmic drills, and dance routines. Mrs. Ruth Hoffman, instructor, does an excellent job of helping to prepare the girls for their future social life.

Mrs. Turnbull is a new member of the Dyer faculty this year, and has done a great deal to vitalize the music department. In addition to organizing a number of choral groups, she started with an embryonic band, as pictured at the right, and developed a skillful, enthusiastic group of young musicians. Her starting group included: BACK ROW-William Wheeler, Carol Payne, Martha Payne, Ed Hoernig, and Robert Foster; FRONT ROW-Darla Thomas, Jackie Cassel, Joann Cathey, and Mrs. Turnbull.

MAPS, AND MANUALS



Whether he is teaching U.S. history or world history, Mr. Mygrants' goal is to give the student a comprehensive view of the subject, with an understanding as to how life today has been influenced by events of the past. Reports, panel discussions, films, and maps are among the teaching aids he uses. In the picture above, Ron Robinson, Andy Peschel, Mr. Mygrants, Roy Segert, Bob Schwenke, and Ray Mitchell examine a relief map of the United States.

A basic knowledge of grammar and literature is an essential part of a high schooler's education. Learning to write accurately, speak grammatically, and read comprehendingly are all part of the English course, and the students in the picture below realize they will be well rewarded for the attention paid to Mrs. Naselroad during class periods. Lawrence Willy is getting practice in oral interpretation.

WE STUDY

Simple experiments you may say, but on these our world has been built; and on others just as simple, the world of the future will be built. Faraday, Franklin, and Edison performed simple basic experiments, as do our own students. Some are learning to adjust to the ever more scientific world of the future that will be created by certain of their fellow students who elect to follow physics and chemistry as a vocation. In the adjoining picture, Laurie Gettler and Richard Miller demonstrate the way in which a static machine produces electricity.

WE ROAM

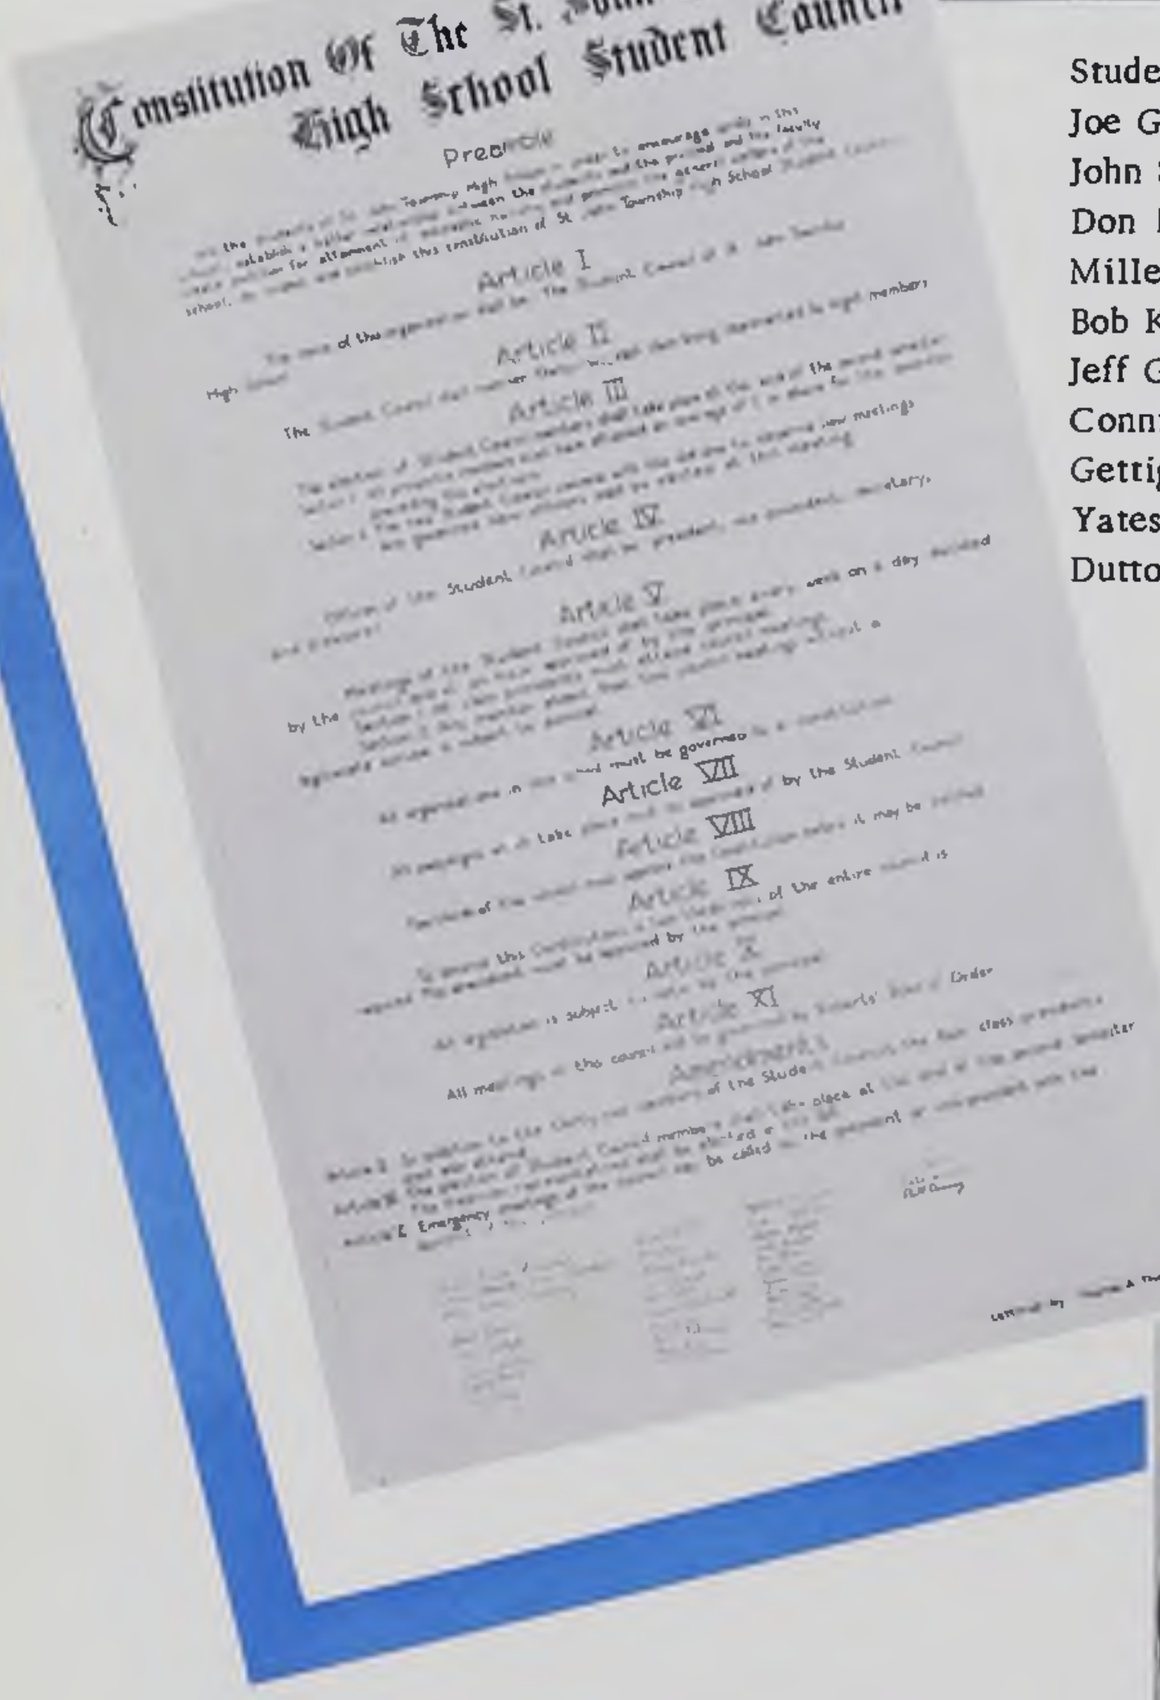
Statistics prove conclusively that young automobile drivers who have had driver's training in high school are better drivers and have fewer accidents than untrained drivers. In addition to learning driving techniques, they study traffic regulations, highway courtesies, and proper automobile maintenance. In the picture below, Floyd Iddings, Lenore Redar, Helen Doeing, and Nancy Miller listen intently as Mr. Vanderlolk explains the rules of the road.

WE READ FOR HOME

Not the least of Mr. Protsman's activities is his supervision of the school buses. Seventy-five per cent of the Dyer students ride buses to and from school, so the loading and unloading processes require careful attention. Richard Miller and Louis Tucker are capable assistants, and the picture above shows a typical scene at the close of the school day.

Knowledge of the business world will always be helpful to students, whether they become homemakers or business tycoons. Mr. Sabel helps them understand complicated problems such as taxes and insurance, and instructs them in arithmetical puzzlers like interest, discounts, percentages, and profit and loss. At the end of the first quarter, Mr. Sabel was replaced by Mr. White. The students listening so intently to Mr. Sabel are: Karen Dutton, Cecil Hines, Jeannine Simmers, and Sharon Bickham.

GOVERNMENT IN ACTION



Student council members are, STANDING: Ray Berg, Joe Govert, Gerald Allen, Tom Freeman, Bob Foster, John Seifert, Bill Downing, Gerald Redar, Mr. Bibich, Don Peeples, Millie Pozezanac. FIFTH ROW: Tom Miller, Larry Jastrzab, Larry Rosinko, Edith Bremer, Bob Kilander, Bus Ols, Bill Matthews. THIRD ROW: Jeff Graves, Bill Rakoczy, Jerry Roe, Francis Delinck, Connie Houston, Robbin Burnison. SECOND ROW: Doris Gettig, Eileen Hoffman, Iola Johnson, Susan Full, Linda Yates, Sharon Bryant. FIRST ROW: Sharon Dewes, Karen Dutton, Sharon Hanrath, Wilma Horner.

Pictured as they study their constitution and its purpose are the officers of the Student Council: Don Peeples, treasurer; Jerry Redar, president; Doris Gettig, secretary; and Connie Houston, vice-president.

"A government of the students for the students, and by the students."...That's the objective of the members of the Dyer High Student Council. Representatives from each class meet weekly to consider problems submitted to them by fellow students.

TAKE TIME TO BE FRIENDLY

Connie Houston serves punch to Jim Tewell, Phyllis Dicks, Ron Dressel, and Sharon Gard.

SOME ENCHANTED EVENING.....

QUEEN CANDIDATES AND ESCORTS

Judy Hanson (Miss Music) and Dave Beggs; Sherry Matthews (Miss Speech) and Stan Salus; Barbara Ols (Miss Echo) and Bob Foster; Elaine Hausenfleck (Miss Lettermen) and Jack Keilman; Judy Norris (Miss Sunshine) and Rodney Dolato; Connie Houston (Miss Commercial) and Dick Miller; Judy Keilman (Miss Comet) and Rich Sadler; Phyllis Dicks (Miss Science) and Jim Tewell.

Miss Sunshine's escort, Rodney Dolato, looks on approvingly as Neill Keller crowns charming Judy Norris, 1956 Echo Queen.

The Echo Formal--an enchanted evening in a tropical paradise. Exotic palms, frisky flying fish, and foam-white sea gulls added to the enchantment of the evening. Soft candlelight caught the rich yellow, pink, blue, and green hues of formals and cast a rainbow of colors in the palm fringed pool which centered the dance floor.

ECHO QUEEN OF 1956

At the 1956 Echo Formal on February 24, stunning Judy Norris was chosen to reign as the Queen. This is a coveted title, and sophomore Judy, representing the Sunshine Society, was radiant in a daffodil yellow gown with a swirling skirt and ruffled bodice. The Queen and her attendants were featured highlights of the dance.

THE STUFF DREAMS ARE MADE OF

To a Great
Sweet Girl.
Phyllis
Dicks

An enthusiastic pep rally, a victorious football game, and a rollicking dance made the 1955 Homecoming program one of the memorable events of the school year. In their vivid attire, the three attendants to the queen, Denise Gard, senior, Eileen Hoffman, junior, and Phyllis Dicks, freshman, complemented the decor and added sparkle to the evening.

A lingering waltz or a swingy jitterbug - the Starduster's Combo played everything the dancers desired. Casual attire concealed fast beating hearts, and eyes sparkled as new romances were born.

HOMECOMING QUEEN AND KING

Glitter and glamour were prevalent at the festive Homecoming dance, when charming Judy Stark and Tom Jostes were elected queen and king. The dance was held in the school gym and music was provided by the Star-dusters Combo. Good music, a gay mood, and high spirits because of the victory over Crete, made the evening a thoroughly enjoy-able one.

Just as a television crew is essential to the production of a successful show, so an industrious editorial staff is indispensable in the creation of an outstanding yearbook. A TV show is planned to please its audience, and the yearbook staff has spared neither time nor effort to produce an ECHO for the enjoyment of the Dyer students.

John Koshnick, Dick Miller, Jack Charters, Ed Hoernig, and Paul Tobias discuss the problems of the projection crew.

"KEEP OUR BUILDING CLEAN" is the slogan that we hear all through the school year. Pictured above are Fritz Jung, Pete Keilman, and Willis Amick, the maintenance men who share the responsibility for making classrooms habitable.

Whenever there is a porgram, an assembly, or a pep session, you may be sure that the boys pictured below are behind the scenes. Stage crew members Bob Foster, Wayne Hinkel, Carl Hagstrom, and Ed Hoernig are shown hanging the cyclorama.

A pleasant break in the school day is the lunch hour. The enticing aroma of appetizing food lures students to the lunch room. Shown below are Mrs. Cleo Bly and Mrs. Pansy Cathey as they prepare the midday meal.

GOOD SEASON FOR INDIANS

The Dyer Indians started out the "55" season by playing host to Lowell's Red Devils. The outcome of the game was in Dyer's favor 12 to 6. The second game was played against Portage, the conference champion. This game was lost by a score of 6 to 0. After being held to a scoreless tie with Gary Wirt, the team went to Gary to play Edison, and was defeated by a score of 33 to 13. On September 30 Dyer traveled to Westville, Illinois, and lost 25 to 2. After being downed by East Gary 13 to 0 on a muddy field, the warriors went on to a short winning streak of 3 games. On October 21, Homecoming, Dyer played Crete, Illinois. In a 14 to 0 victory, the team showed a powerful offense and defense. Because of a brain concussion Jim Tewell was lost to the squad for the rest of the season. Howe was defeated 7 to 6, and Griffith was the next victim in a 20 to 0 game, being allowed 3 first downs to our 18.

For the last game of the year Dyer traveled to Merrillville but was defeated 26 to 13. This season was the best Dyer has had in several years, with the final tally showing 4 wins, 5 losses, and 1 tie.

MYGRANTS LOOKS TO FUTURE

Nice guy
Mygrants

In Bob Mygrant's first year of coaching at Dyer his team had a record of 4 wins and 17 losses. Next year he is looking forward to a better season as he loses only two men from his squad. Of the remaining eight, three are juniors and five are sophomores, all of whom show great promise. This year the scoring was led by senior Ron Dressel with 328 points for a 15.7 average per game and junior Dan Jostes with 318 points for a 15.4 average.

Coach Bob Mygrants graduated from Hammond High where he played four years of basketball, winning the coveted Gimbel award in his senior year. At Indiana University he played four years of baseball, and after graduation he taught at MacArthur School in Cedar Lake. This is his first year at Dyer High, where he not only coaches, but also teaches social studies. The student body hopes that Mr. Mygrants will be here for many years to come.

The "B" team under the watchful eye of Coach Eberly completed a successful season of 7 wins and 11 losses. On the "B" team the boys gain experience that prepares them to move up to the varsity. The season's play revealed a pair of fine guards -- Al Betz, the team's leading scorer, and Jerry Ryder, a good ball handler. Ron Balcerak, 6' 4", proved himself a fast moving center.

DYER SEEKS CHAMPIONSHIP

In the picture at the left, Coach Eberly looks at the Calumet Conference Championship trophy won by the '55 Indians, and hopes the '56 squad can do as well. In the last seven years Dyer has taken the conference championship four times. Chances are excellent for capturing the prize again this year as there are eight seniors on the squad, most of whom have had four years' experience. This is Mr. Eberly's first year as head baseball coach, and as the Echo goes to press, he and the squad are favored contenders in the conference fight.

The pitching and catching chores will be handled by these boys. Standing are pitchers Bob Kilander and Dan Jostes. Kneeling are catchers John Huppenthal and Vernon Roe. Bob Kilander took All-Conference honors last year and hopes to repeat this year.

Shortstop Joe Govert, who was an All-conference selection in 1955, and second baseman Al Bowles are looking forward to a conference championship in their final year at Dyer.

Jim Tewell, Herb Gerlach, and Gerald Schutz will be called on to furnish power in the Dyer lineup. In the picture, Herb shows the importance of the bunt as well as the long hit.

Getting a few pointers from Coach Glen Eberly on the correct stance for batting are seniors Jerry Redar, Stan Salus, Bob Foster, and Paul Tobias.

Outfielders Jack Morley and Tom Jostes and pitcher Al Betz are seeing their second year of baseball at Dyer. They will probably be quite active in Dyer's quest for a 2nd consecutive Calumet Conference Championship.

SENIORS AT BOUNTIFUL

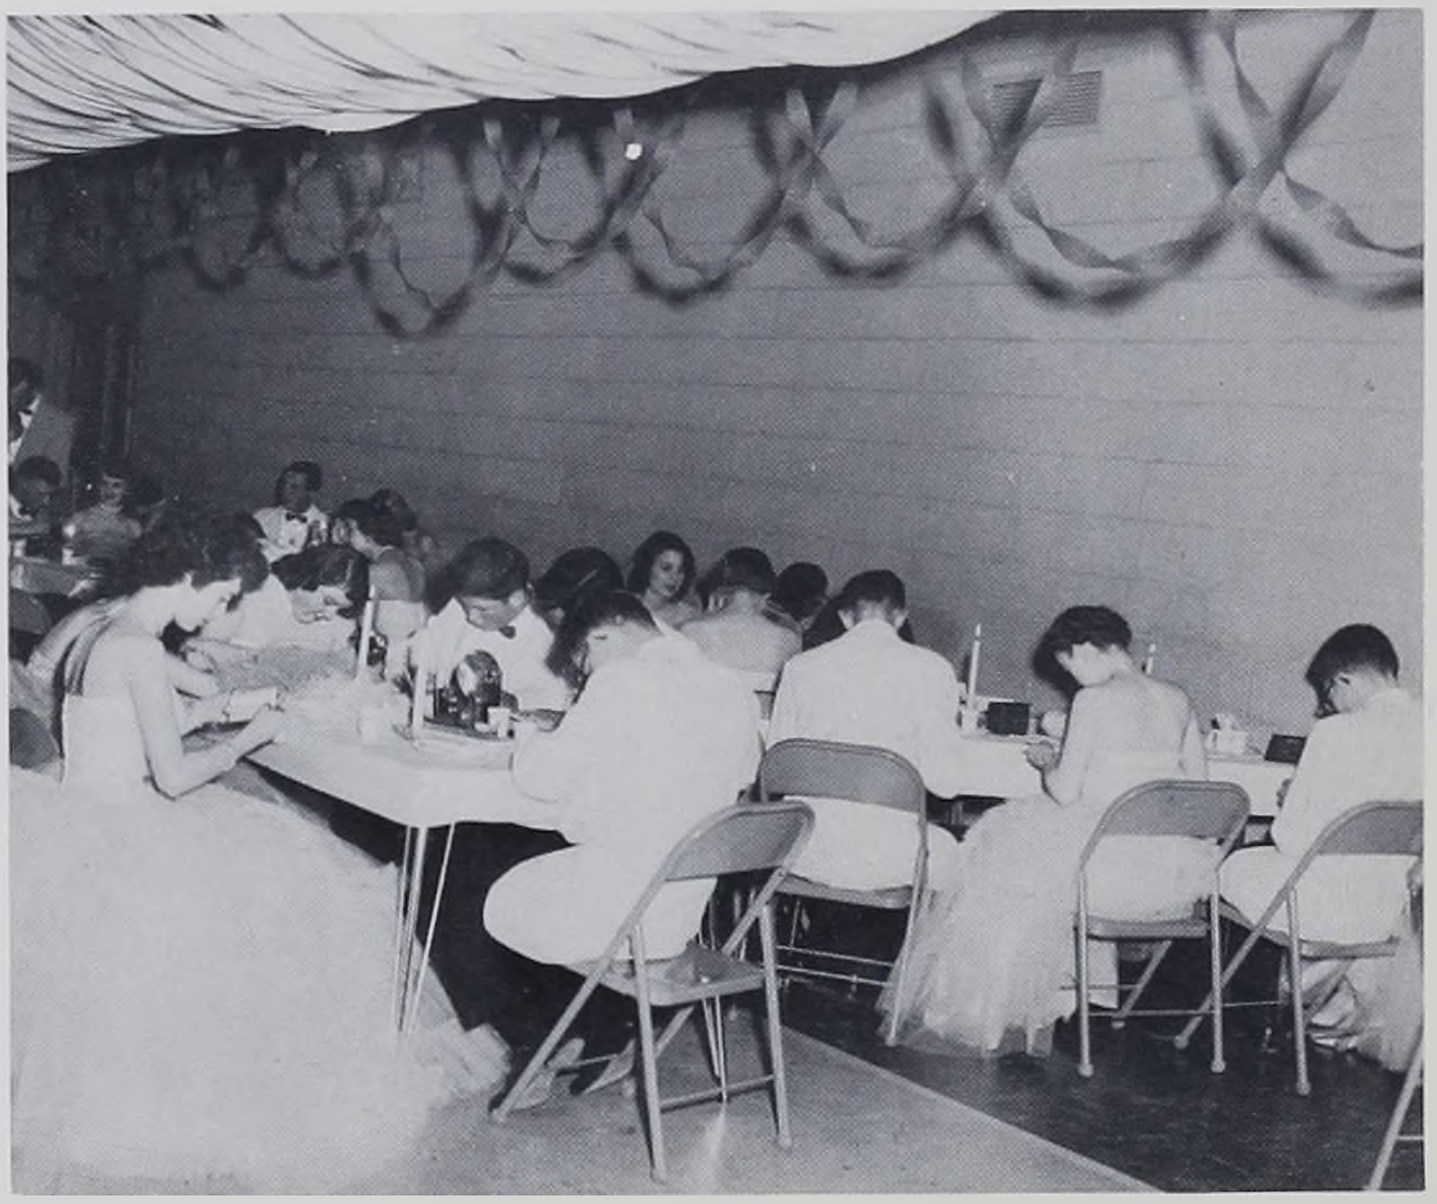
The junior class members were hosts to the seniors at the annual Junior-Senior Banquet, held at Teibel's Restaurant May 17, 1956. In the above picture, the speakers of the evening are seated at the head table, with Tom Thiery, Master-of-Ceremonies, introducing the evening's entertainers. The juniors presented a hilarious prophecy of the doings of the seniors a few years hence. The seniors reviewed the past four active years. Mrs. Hoffman and Mr. Bibich gave their farewells to the departing class.

FETED BANQUET

The juniors and their guests enjoyed the festive fare, served at tables decorated with candles and flowers. At the head table, the graduation motif was carried out with mortar board decorations.

GLITTERING PROM CLIMAXES SCHOOL YEAR

The 1956 Prom, held in the gym of the new Kolling School, was a gala affair. Beneath a canopy of American Beauty, White, and Orchid ribbons, junior and senior presidents, John Seifert and Joe Govert, lead the Grand March.



Happy couples peruse programs during a refreshing intermission at the candle-lighted tables.

Happy smiles wreathe the faces of this year's Prom King and Queen, Jack Keilman and Edith Bremer, who reigned over the 1956 Junior-Senior Prom. In the inset, bandleader Johnny Baker is shown crowning the king and queen.

COMMENCEMENT CEREMONIES

Proud parents and friends of graduating seniors attended the commencement exercises held in the school gym on May 22, 1956. Seniors are shown marching to their seats to the familiar strains of POMP AND CIRCUMSTANCE.

Connie Houston smiles happily as she receives the salutatorian award from Mr. Bibich, high school principal.

FOR SENIORS OF 1956

The seniors receive advice and congratulations from the main speaker of the evening, Allan A. Smith, professor of sociology at Purdue University.

Mr. Bibich smiles at Jack Toellner, hustling forward to receive his diploma, as Mr. Kerns calls the names from the senior roll. Mr. Moriarty, township trustee, is shown handing out the coveted certificates.

THE CLASS OF 1956

Solemn faced seniors listen attentively to the ceremonies that end their four years of high school.
